

THE LEARNING GOURMET

TLG Workshops

The Learning Gourmet isn't just for kids! We offer an array of themed as well as custom Cooking Workshops for Adults designed for singles, couples, co-workers, friends and family. So instead of an expensive night out, why not join us for an outrageously fun time where you will not only enjoy some fine cuisine, but will learn how to cook your dishes like a pro.

Throughout the year, **TLG** will be hosting a number of **Workshops for Adults**. During each evening Workshop, we cook for more than an hour, making a variety of delicious appetizers, entrées or desserts from a variety of cuisines, and then sit down to enjoy our delicious creations.

And everyone always takes home a wonderful presentation of their creations and a complete recipe packet so you can prepare your own delicious menu at home.

During our most recent Adult Workshop, we made a variety of delicious dishes using Chinese Wontons as our pallet. Our creations included homemade Egg Rolls & Duck Sauce, Wonton Tacos, and Wonton Napoleons.

How about a special workshop designed just for you? We offer **Custom Workshops** for special occasions such as Baby and Wedding Showers, corporate events, and for groups of friends and family that just want to enjoy a unique and fun activity together.

During one of our favorite Custom Workshops, we created a delicious cocktail party menu using of appetizers as our theme. Our creations included Stuffed Mushrooms, Stuffed Peppers, Egg Plant Roll-ups, and Caprese Kabobs.

Please call or email us to reserve your spot or book a special event designed just for you!

Cheers,

Jennifer, Kristine & Kelli
